Updated: 2016-04-26 18:19:06

Packaged: 2016-04-27 17:06:01

Rating: T

Chapters: 3

Words: 2,094

Publisher: [www.fanfiction.net](http://www.fanfiction.net)

Summary: first fanfic. Tails creates a machine which sonic and shadow go to check out. When they start it up however, something goes wrong and they end up transported to the future. In this future, Eggman takes over the world because sonic and the chaos emeralds were no where to be found. Now the three must fight Eggman in his most powerful position. rated T for violence and minor language.

## 1. Chapter 1, Tails new invention

"\_\*\*Before I begin I would just like to say that this is my first fanfic and I have the worst grammar in the world. With that being said LET'S BEGIN!"\*\*\_

It's been one year since Sonic defeated Eggman and Robotnik with his younger self. Sonic was on another one of his 5 mile jogs. He stopped at his favourite tree which he loved to lay under and relax. He began to take in the scenery like he does every day.

\*\*Sonic: \*\*Just another boring day in Mobius. Man I wish Eggman would begin another one of his diabolical plans to rule the world for me to stop. I would do anything for a bit of action.

Sonic laid under the shade of the tree and was just about to have a nap when his wrist communicator started buzzing. He looked at it. His best buddy, Tails, was calling him. He answers it.

\*\*Sonic: \*\*Yo Tails, what's up?

\*\*Tails: \*\*I think I have just created one of my greatest inventions yet! I need you to bring the seven chaos emeralds to see if it will work!

\*\*Sonic: \*\*Mind telling me what you created first?

\*\*Tails: \*\*Come to my workshop and I will tell you.

**\*\*Sonic: \*\***alright. Be there in a sec.

Sonic hangs up. He then jumps up and stretches a little. He then starts running to shadow's place. He had all of the emeralds and sonic needed them to give to tails. He made it in front of his house. He saw Shadow resting in his hammock. Sonic began to grin as he went to shadow.

**\*\*Sonic: \*\***RAAAAAAAHHHH!

Shadow screamed and jumped out of his hammock and landed face first in the dirt.

**\*\*Shadow: \*\***WAH, WHAT THE HELL, SONIC!

**\*\*Sonic: \*\***HAHAHAHAHAHAHA!

Shadow hands began to glow yellow as he was getting ready to do a chaos spear. Sonic immediately stopped laughing.

**\*\*Sonic: \*\***Woah calm down shadow it was only a joke.

Shadow's hands stopped glowing.

**\*\*Shadow: \*\***you're lucky I'm not in the mood to fight you right now. What do you want anyway?

**\*\*Sonic: \*\***I need to borrow the chaos emeralds for a while.

**\*\*Shadow:\*\*** Why? What have you done this time?

**\*\*Sonic: \*\***Nothing. Tails needs them for his latest invention.

**\*\*Shadow: \*\***Oh I seeâ€|No.

**\*\*Sonic: \*\***Aw c'mon Shadow

**\*\*Shadow: \*\***do you remember the last time I let that fox use the emeralds for his invention

\_Flashback\_

\_Sonic and Shadow stood in Tail's brain swapping machine.

\_

\_\*\*Shadow: \*\*\_\_are you sure this is gonna work Tails?\_

\_\*\*Tails: \*\*\_\_Have I ever messed up my inventions?\_

\_\*\*Sonic: \*\*\_\_Wellâ€|\_

\_\*\*Tails: \*\*\_\_Shut up Sonic. LET'S DO THIS\_

\_He presses the big red buttonâ€|\_

\_Flashback over\_

**\*\*Sonic: \*\***Oh yeah, but c'mon. It can't get any worse than that.

**\*\*Shadow: \*\***I really don't want to end up in another coma.

**\*\*Sonic: \*\***Wellâ€|why don't you come along with me. If anything goes wrong, then you can jump in and stop it

**\*\*Shadow: \*\***...fine, beats laying in a hammock all day

"\_\*\*So that's chapter one. I know nothing much is happening now but in the next chapter, the fun is going to begin (that sounded wrong but whatever). Hope you guys are excited for the next chapter. Until next time"\*\_

## 2. Chapter 2, Something goes wrong

"\_\*\*hey guys, Deadriser here and I'm back with the second chapter to my first fanfic. I haven't got anything to tell you guys about right now so I'm just going to get straight into this. So in the last chapter, Sonic got a call from tails about his latest invention. Sonic went to get the chaos emeralds from Shadow as Tails needed them. After a bit of persuasion, Sonic convinced Shadow to give him the emeralds and Shadow decided to tag along too. So, what is the invention that Tails has created? What will it do? Could it be dangerous? Those questions will be answered right now. Hope you guys like it. Don't forget to follow the story to get notified about when new chapters are out. No hate pls. With that being said, LETS BEGIN!"\*\_

Shadow went into his house to retrieve the chaos emeralds. Sonic waited outside. Five minutes later, shadow came out with the emeralds floating around him.

**\*\*Sonic: \*\***What took you so long?

**\*\*Shadow: \*\***I kept all of the chaos emeralds in separate safes hidden around my house. Can't risk them being stolen

**\*\*Sonic: \*\***Oh cool. Well we better get going. Tails will be wondering why I'm taking so long.

Shadow then began to smirk

**\*\*Shadow:\*\*** Try to keep up

He took off. Leaving a sonic boom behind him.

**\*\*Sonic:\*\*** do you even know who your talking to?

Sonic took off. Causing an even louder sonic boom.

**\*\*At Tails workshop\*\***

**\*\*Tails: \*\***You know for the fastest thing alive, Sonic sure knows how to take his time.

Sonic ran into the workshop. Two seconds later, Shadow came in too.

**\*\*Tails: \*\***What took you so long? And why is Shadow here?

**\*\*Sonic:\*\*** sorry, Shadow had the emeralds and-

**\*\*Shadow:\*\*** And I don't trust you fox! Do you remember what happened with your last experiment?

**\*\*Tails: \*\***I told you it wasn't complete!

**\*\*Shadow: \*\***NO YOU DIDN'T, YOU LITTLE TWERP!

Shadow hands began to glow again. Tails was about to grab his hand cannon. But just as world war three was about to begin, Sonic ran in-between the two.

**\*\*Sonic: \*\***Woah WOAHH guys! Let's not start a fight. Come on Tails. Show me what you have made.

**\*\*Tails: \*\***Oh yeah. Come on. I'll show you.

Tails ran ahead to something large covered in a large white sheet. Shadow was about to go too when Sonic grabbed his shoulder.

**\*\*Shadow: \*\***What do you want?

**\*\*Sonic: \*\***your hands are still glowing.

Shadow looked at his hands and realised that he was right. His hands went back to normal.

**\*\*Sonic: \*\***Gosh, Shadow. You really need to calm down. You were about to attack an eight-year-old.

**\*\*Shadow: \*\***He had it coming to him.

**\*\*Sonic: \*\***just try to keep your anger under control buddy.

Sonic let go of his shoulder and ran over to Tails. Shadow stood there for a couple of seconds before he followed.

**\*\*Tails: \*\***BEHOLD MY BRAND NEW, STATE OF THE ART-

Tails pulled off the sheet.

**\*\*Tails: \*\***TIME MACHINE

Sonic stared in amazement. Shadow's expression didn't change.

**\*\*Sonic: \*\***WOW! SCIENCE IS SO AMAZING! (write in the reviews if you understand that reference XD)

Tails grinned modestly. He then turned to Shadow. Shadow looked at him.

**\*\*Shadow: \*\***What?

**\*\*Tails: \*\***Don't you have anything to say about my time

machine?

**\*\*Shadow:\*\*** Alrightâ€|Tails, you have just wasted your time.

Tails immediately stopped grinning.

**\*\*Tails: \*\***Excuse me?

**\*\*Shadow: \*\***Well, think about it. We are already able to time travel by inducing chaos control (from sonic '06). That only takes two chaos emeralds. The piece of crap that you have made here takes all of the emeralds. Also, machines are more likely to malfunction. Chaos emeralds can't.

**\*\*Tails: \*\***If machines are more likely to malfunction then why haven't you broke yet?

**\*\*Shadow: \*\***THAT'S IT! IM GONNA RIP OFF THOSE TAILS OF YOURS AND MAKE YOU EAT THEM!

**\*\*Sonic: \*\***THAT'S ENOUGH! WHY IS IT YOU TWO CAN NEVER GET ALONG!

**\*\*Shadow: \*\***You know what? SCREW ALL OF YOU (trying to keep the language at a minimum XD).

Shadow summoned all of the emeralds and dropped them on the floor.

**\*\*Shadow: \*\***I'M DONE!

Shadow began to walk away when the emeralds started to glow. They then all floated into the air and went into Tails' time machine. They went into each of the holes that were intended for them. The machine began to create a blue vortex. Tails then started smiling as he turned to face Sonic and Shadow.

**\*\*Tails: \*\***Gentlemen. That is a time vortex. It can take us to any time in the past or the future.

Even Shadow began to look impressed. However, something was beginning to happen.

**\*\*Sonic: \*\***Uhhhhâ€|does anyone else feel that?

**\*\*Tails:\*\*** yeah I can. I think it's coming from the machine.

Tails grabbed a remote from his work table. He began to press some buttons. A look of horror went across his face.

**\*\*Sonic: \*\***What's wrong?

**\*\*Tails: \*\***THE MACHINE IS SUCKING US IN! WE GOTTA GET OUTTA HERE NOW!

The machine then began to suck up everything that was in the workshop. All three of them began to run away. At first they were getting away. But the machine's pull got stronger. They were all getting pulled in. Tails, being the weakest of the three, lost his balance and was pulled into the vortex.

**\*\*Sonic: \*\*TAILS!**

Sonic stopped running and jumped into the portal.

**\*\*Shadow: \*\*Oh, for crying out loud!**

Shadow followed into the portal. The machine then stopped and the vortex faded into nothing.

"\_\*\*And that's chapter two. Hope you guys enjoyed. Please follow the story for the latest chapters and follow me so you get notified about new stories. And I will talk to you guys later."\*\*\_

### 3. Chapter 3, Where are we?

"\_\*\*Hey guys, Deadriser here and I'm back with another chapter to my fanfic. So, last time, Sonic and Shadow went to Tails' workshop to see his invention. After a falling out with Tails, Shadow dropped the emeralds and was about to leave. However, the emeralds reacted with Tails' machine and created a vortex that sucked the three in just before closing behind them! Why did the machine do that? Where did the heroes end up? WHEN did the heroes end up? All of that will be answered right now. Hope you guys enjoy."\*\*\_

In the middle of a ghost town, a blue vortex appears. Three people fall out of the vortex and it closes behind them. Two fall on their head while one falls on their feet.

**\*\*Sonic: \*\*Ow, god, crap that hurt.**

**\*\*Tails: \*\*Woah, my head's spinning.**

**\*\*Shadow: \*\*You two should really learn to be more athletic.**

**\*\*Sonic:\*\* Whatever. Where the hell are we?**

Sonic looked around. It seemed that they were in Tails' workshop. But it looked as if nobody had been in there for years. There was dust and spider webs everywhere. Even the floor had a thick layer of dust.

**\*\*Sonic: \*\*This place could really use a dusting. Like, everywhere.**

**\*\*Shadow: \*\*It seems that we are still in Tails' shop. But by the looks of it, no one has been in or out of here in a long time. We should probably scout the area.**

**\*\*Tails: \*\*Hold on. Let me check something.**

Tails picked up the remote that he had before the accident. He pushed a few more buttons.

**\*\*Tails: \*\*Oh no!|**

**\*\*Shadow: \*\*what is it?**

**\*\*Sonic: \*\*C'mon. Don't leave us hanging.**

**\*\*Tails: \*\*We have been taken one year into the future.**

**\*\*Sonic and Shadow: \*\*WHAT!**

**\*\*Sonic: \*\*Well take us back. I don't wanna be here.**

**\*\*Tails: \*\*On it.**

Tails pushed the big red button in the middle of the remote. He waited a few seconds. He pressed it again. He began to get frustrated and started to mash the button.

**\*\*Tails: \*\*C'mon, you piece of CRAP!**

**\*\*Sonic: \*\*Woah. Calm down, little buddy.**

Shadow walked over to the dusty time machine and examined it. He then walked over to the two others.

**\*\*Shadow: \*\*We have a BIG problem.**

**\*\*Sonic and Tails: \*\*What's wrong?**

**\*\*Shadow: \*\*You know how Tails' machine needed the seven chaos emeralds to work.**

**\*\*Tails: \*\*Oh no, you don't mean?**

**\*\*Shadow: \*\*Yep, they're all gone.**

**\*\*Sonic: \*\*WHAT! Well, where could they have gone?**

**\*\*Tails: \*\*I don't like this. I wanna go home.**

**\*\*Shadow: \*\*Calm down you two. We aren't going to achieve anything if you start having a breakdown. Look, if we are gonna find the emeralds, we gotta look around. Maybe we they flew out of the machine when it malfunctioned.**

**\*\*Sonic: \*\*Shadow's right. We better look around.**

The three began looking around the place. Sonic looked through old machine parts. Shadow went behind the machine. Tails went to look around the entrance. Whilst looking, Tails looked through the crack of the door. He noticed that it lookedâ€|different. He opened the door.

**\*\*Tails: \*\*GUYS, GUYS COME QUICK!**

Sonic and Shadow ran to Tails. He looked like he had been through hell and back.

**\*\*Sonic: \*\*Tails? What's wrong?**

**\*\*Tails: \*\*Just look outside.**

Sonic and Shadow looked through the open doorway.

**\*\*Sonic: \*\*Ohâ€|myâ€|god**

**\*\*Shadow: \*\*That's not good.**

They saw the entrance to a city. However, that city was not the city that they had called home. It was completely remodelled. It looked like it was made entirely of metal. There were very familiar robots flying around the top of the buildings. At the front was a sign that said "WELCOME TO EGGMAN LAND"

**\*\*Sonic: \*\*Wellâ€|this just got interesting.**

**"\_\*\*Chapter 4 coming soonâ€|"\*\*\_**

End  
file.
